A TEST OF SINCLAIR'S SINCERITY

Will Sinclair give in to the Democratic organization of the state and run on a platform that does not embrace his EPIC plan and thus secure the passive cooperation of the party OR will he defy the state organization and run his EPIC program alone in the face of opposition from the Democratic organization?

This question will be settled today at the State Democratic convention in Sacramento. It is predicted that Sinclair can get the endorsement of the state organizations IF he will accept a platform in harmony with Democratic principals and omitting all reference to EPIC plan. If Mr. Sinclair does this it simply means that he is a politician after votes. And Mr. Sinclair knows by this time that he is going to face party opposition that is big enough to defeat him.

Mr. Sinclair is really on the spot. If he gives in to party pressure to gain support he is a traitor to his followers; and if he is steadfast in his EPIC plan it means that he is as he has always been, a socialist. For, all leading Democrats agree that there is nothing Democratic in his EPIC plan.

CORBETT GETS HIGH RECOGNITION

both Republican WITHOUT make. John C. Corbett, winner of both Republican and Democratic tickets in his candidacy for re-election to the office of State Senate, is a man who has received a majority that does more than elect him—it pays a tribute to his years of service as a public servant. It is an official O. K. from the people that must be gratifying to Mr. Corbett.

CO-OPERATIVE FACTORY IN OPERATION

The State Emergency Relief Administration recently opened a mattress making plant in Oakland to be operated by and for the unemployed. Cotton and ticking from the government will be used in the manufacture of mattresses for the needy. The program embraces the manufacture of quilts, bedding towels, etc., all to be distributed without price. The project is the first of SERA experiments and will doubtless prove of benefit if it can be continued.

The notable thing about the EPIC program of Sinclair is that it is in line with and will demonstrate in a practical experiment the feasibility of the entire scheme.

A similar project has been in operation in Monterey for some time under the direction of Dan Coon a resident of Carmel that has met with considerable success and done a great deal of good in spite of handicaps in the way of opposition and general business difficulties.

The proposition in Monterey county briefly stated was this: unemployed produced fire wood which they traded to people who needed the wood and had a surplus of other things, principally foodstuffs and clothing. The Unemployed Council, as it was called also tried to act as a labor clearing bureau and arrange for its unemployed members to swap their services for necessities of life. This endeavor was given up owing to opposition from labor unions and others who maintained the men were unfair to labor and were tending to reduce employment standards.

But the greatest difficulty experienced in the local project was the lack of any source of cash income. Any business must have some cash for there are certain bills that can not be paid on an exchange basis. Taxes, gasoline, electricity, repairs for machinery and trucks, tires, etc.,

can not be bartered for since they are of necessity produced at distant points and under conditions prohibiting bartering.

Any business can circumvent big losses; it is the steady drain of a few dollars and cents that must eventually bring failure. The EPIC plan, SERA projects and all of these co-operative benefit plans with the highest aims in the world and able to do a great amount of good all prove impractical in the final analysis because someone must eventually foot the bills.

As strictly a relief proposition where the taxpayer can supply the CASH difference on a basis of relief and subsidize business operation the projects will be highly useful. Eventually however this loss will mount to proportions where the tax payer can no longer pay.

NRA FORBIDS FARM ADVERTISING

It is difficult to understand many if not all the thousands of apparently pointless rulings under the New Deal. One of these is an edict that the American farmer must not advertise farm products.

Walnut growers, raisin growers and fruit growers must not advertise their products in order to increase markets but FOREIGN producers can advertise and sell their products here, there and everywhere. The prune industry had planned to spend \$400,000 but is prevented by the edict and its results will be fatal.

English cotton producers are doubling and tripling their acreages of cotton in Egypt and India and other countries and capturing markets heretofore held by American cotton planters while our government continues "plowing under" and other restrictions. Eventually the "crisis will be passed" and the restrictions removed but not in time to prevent the loss of millions of dollars in American sales to other markets.

DRUNKENNESS IS INCREASING

Figures gathered by a temperance society show a 81 per cent increase in drunkenness in 192 cities during the first three months of 1934. In the face of this we have a letter under the innocent heading of Northern California Business Council insisting that people must vote for Proposition No. 2 on the November ballot PERMITTING the sale of liquor by the glass any time and any place without meals in order to "promote sane regulation." What the proposition really means is the RETURN OF SALOONS.

The same circular decries the evils in Proposition No. 13 which provides local option and the "Business Council" makes the same stupid assertion that local option is a menace to the "promotion of sane regulation."

The liquor interests' idea of sane regulation is possibly the 100 per cent use of liquor by every man, woman and child, and their idea of sensible enforcement would be nothing less than a law compelling every person to use liquor. A 31 per cent increase in drunkenness is not nearly enough. We must be 100 per cent drunk, 100 per cent of the time or nothing.

That is one kind of regulation. VOTE NO ON PROPOSITION NO. 2.

VOTE YES ON PROPOSITION NO. 13. And if those who are convinced liquor is so necessary to the welfare of society are so sincere in their conviction WHY DO THEY DISGUISE THEIR MOTIVES under misleading title such as the Northern California Business Council. Why not the simple,

RED CROSS DRIVE BEGINS ARMISTICE DAY

Beginning Armistice day, November 11, and continuing until Thanksgiving the annual drive for membership in the American Red Cross will be conducted by the Carmel Chapter.

The local chapter has been allotted the following territories by the national chapter: Pebble Beach, Carmel Highlands, Carmel Valley and Carmel with its surrounding districts of Hatton Fields and the Point.

All charity work for the foregoing districts is handled by the Carmel chapter.

It should be remembered that the Carmel chapter of Red Cross makes its own drive and does not receive funds from any other source.

NEW GROUP PAINTINGS AT CARMEL GALLERY

A new group of pictures at the Carmel Art Gallery has been hung by the Carmel Art association, which is attracting the usual amount of attention and favorable comment.

The pictures will remain on the walls until October 15, when they will be followed by an exhibition in black and white which promises some interesting and striking subjects.

ADULT EDUCATION PLAN PROGRESSING NICELY

Teachers for the adult education classes now open under the auspices of the Monterey Union high are pleased with the way things have started off. They have been informed however, by L. E. Wormley, in charge, that unless the daily attendance is kept up to 17, the classes will be discontinued. Knowing this, those who are interested will see to it that they are present at all meetings.

There is talk of a survey under SERA to find out whether the courses offered are filling the needs of adults and to determine what, if any, change is desired.

FIRE DEPARTMENT HAS TWO CALLS TWO HOURS

Two calls within two hours broke some kind of a record or something for the Carmel Fire department, Tuesday.

Fortunately, however, not much harm was done, the first call being caused by a fire in a car belonging to Mildred Adams at Lincoln near Twelfth, and the second caused from short circuited floor plugs, caused from scrub water. The blaze in the car had extended only to the floor boards and was soon extinguished and the second was only a flash, after which an electrician had to be called in.

open title The Northern California League for Unrestricted Use of Liquor?

Any thinking person, including members of the so called "Business Council" knows they are in a business that requires apology and from which no good ever came.

OUR INCREASING (?) EMPLOYMENT

Cheerful statements are given out by Secretary of Labor Perkins of 75,000 more people being employed in the past month BUT and HOWEVER, she admits the number is cut down to 15,000 due to unemployment and layoffs in certain other businesses and Miss Perkins omits any mention of the HUNDREDS OF THOUSANDS of striking textile workers with the MILLIONS of dollars in economic loss every day. The disagreeable fact the nation must consider is that in spite of the New Deal and its great effort and the expenditure of huge treasure to bolster up every scheme there are today TWENTY THREE MILLIONS of unemployed on the relief rolls.

MERRIAM FOR GOVERNOR CLUB GETS UNDERWAY

"Everybody must get in and work," said John Jordan Monday night, sounding the keynote of the Merriam-for-Governor organization.

When a large number of people met at Pine Inn to form a club, it was impressed on all present that this was not a Republican club but a non-partisan organization, composed of people from all parties who do not wish to have Upton Sinclair experiment on the state with his Socialist doctrines.

S. F. B. Morse led off the meeting with a rousing talk, after which Helen Rosencrans was elected president by acclamation, with John Jordan as vice president.

"This club is to concentrate on Merriam, and not to campaign for the lieutenant governor, and that's something for me to say," said Mr. Jordan in his opening remark. Every vote for Haight is a vote for Sinclair, he said, while some claim that every vote for Haight is two votes for Sinclair.

Morse said, "Sinclair's campaign is an attack on the government as clear as any Communist could make." He stressed the fact that the first thing the club must do is to make sure that every voter is registered; the second that those who voted for Haight should now vote for Merriam. "Sinclair," he said, "is an avowed and definite socialist, and has stated that he is 'stealing the Democratic nomination'."

Merriam, it was brought out in an upright man with the energy of a man of forty.

"This is no time for feasting and singing, but a time for fasting and praying," according to the president.

Major Shepard then gave a review of Sinclair's book, "I, Governor of California." He said Sinclair claimed not to be a Communist but said that thirty years ago he had outlined the plan which the Communists are following. Sinclair states in his book that had the people known what Roosevelt planned he would not have been elected. Readers of the book feel that Sinclair has not let the people know the things he really plans to do if elected. "Sinclair is not seeking money. He has plenty. He is not seeking fame. He is known all over the world. Why, then, does he seek to be governor of California? Because he wants power. He wants to try out his beliefs on us," Major Shepard said.

Those who feel safe thinking Sinclair will not have control when he gets in, should read his book, according to the speaker who gave as one plan an increase of the present number of judges from seven to 17, the last ten to favor the Epic plan.

As to the state bonds he plans to sell, Sinclair says he will attempt to persuade the people to withdraw their money from the banks and put it into state bonds; he will cut out the middleman; he will establish state stores that will sell at cost, with which privately owned business must compete; no inheritance may be passed on; ten per cent tax will be put on any land not being used for that to which it is adapted. These and many other points were brought out in Major Shepard's talk.

BAKERY IS IMPROVED BY NEW STORE ROOM

George Wishart of the Dolores Bakery got all peevish because he didn't have enough store room, and when he gets mad he does something.

Accordingly, the Dolores Bakery now boasts a nice store room where things may be kept put away when not in use and the general appearance of the office is improved.

F. B. Porter of Robles del Rio reports the sale of a beautiful new home in that section to Duncan McKinnon of Salinas.

OCTOBER OPENING OF WOMAN'S CLUB

A hearty welcome is extended to the women of Carmel by the Board of Directors and the members of the Woman's Club for the season 1934-35. Our slogan is: "Once a member, always a member." This ninth season of the Carmel Woman's club will start on Monday, October 1 at 2:30 o'clock. All meetings, with the exception of the Garden Section, will again take place in the charming quarters of the Girl Scout house, Lincoln and Sixth streets.

The annual dues of the club are \$4. This includes the monthly meetings and all section meetings. At each monthly meeting there is a special speaker, and tea is served. The sections offer much: the Book Section includes the latest books of the year, and a review at each meeting; Current Events Section discusses the latest points of interest in the world situation of today, with a different speaker each meeting; the Garden section meets at private homes and gardens, many of the most attractive gardens in Carmel being visited, and the speakers including many professionals who have much to offer in real interest to all garden lovers; the Bridge section offers attractive afternoons of Bridge, making up one's own foursome if one wishes to, with tea served each meeting. When one considers that all this is included, the annual dues of \$4. seem little enough.

The object of the Carmel Woman's club shall be to bring about the solidarity of the women of Carmel, to foster a community spirit, and to promote the civic, artistic and social ideals of the community.

There is an initiation fee of \$1. for all new members. Old members who wish to join the club again this year will not have to pay this initiation fee.

The Board of Directors for the season 1934-35 will be as follows: President, Mrs. H. S. Nye; first vice-president, Mrs. J. B. McCarthy; 2nd vice president, Miss Agnes H. Ford; third vice-president, Mrs. James K. Lynch; treasurer, Mrs. Everett Smith; recording secretary, Miss Ruth Huntington; corresponding secretary, Mrs. Ruth H. M. Lewis; directors at large, Mrs. E. R. Tutt, Mrs. F. W. Tenwinkle, and Mrs. Kent Clark.

The chairmen of the sections are the following: Garden, Mrs. E. H. Yocum; Book, Mrs. I. N. Ford; Bridge, Mrs. Osborn Johnson; and Current Events, Mrs. Willis G. White.

The club is open to all women of Carmel, and any considering joining may get in touch with Mrs. Everett Smith, the treasurer, by telephoning 430 or with any member.

The program for the October 1st general meeting, and the calendar of the Section meetings will appear next week.

SEASON'S FIRST RAIN FELL HERE MONDAY

The first rain of the season fell here Monday. If such a slight precipitation could be called a rain.

The moisture was not enough to wet the pavements, but just enough to spot a thoroughly dusty car.

CRUDE RUBBER IS NOW BEING MADE

Those who have watched the progress of the guayule rubber plants in the fields near Salinas, on the San Francisco highway, will be interested to know that they have matured and are now being made into rubber at the factory at Spence, seven miles southeast of Salinas. The investment ran to more than two million dollars, and the crude rubber will sell at around 12 1/2 cents a pound.

The project is owned by the American Rubber company.

RUMBLINGS STILL HEARD ON NEW POSTOFFICE

Grumbings and rumblings are still heard as to the tiny, inconvenient postoffice located at Mission and Ocean.

"We now have two postoffices" said one business man, "the new and the old." And you can't get into the old because it is locked and you can't get into the new because it is too little."

Two people informed the Sun yesterday that they contemplated following in the footsteps of friends and giving up their boxes getting their mail at general delivery window.

With the office as cramped as it is in Carmel's supposedly dull month, those interested are worrying as to what will happen when the holiday rush comes on. One lady has solved her own problem by leaving her box unlocked so she can rush in, then get out again quickly and let someone else in. Another who has trouble in opening her box goes with a friend and reaches through her box to her own.

The size of the new boxes also comes in for a share of the grumbings. "I had a Carmel Sun and the Shopping News in my box last Friday morning," one young woman said, "and the box was so full I had to pull with all my might to get them out. I suppose if I'd had any other mail they would have had to throw it away."

Meantime those opposed to city delivery are still trying to put over the idea that this could not be accomplished without a great deal of expense, such as cement walks, curbs, gutters, etc.

Reasoning people feel that between city delivery and making one more departure from "old Carmel," city delivery is now the only way out, since all pleasure in going to the postoffice has already been removed.

TRAFFIC VIOLATIONS GET THREE IN BAD

Traffic violations brought grief to three people, who disregarded Carmel's laws against speeding.

Williams Adams, ticketed the 8th for speeding, was fined \$8.50 the 12th.

Marie Hathaway Shaw, was cited the 11th to appear and answer to a charge of speeding. She was to appear the 15th but not having put in appearance, a warrant was being prepared for her.

Fred Lee, Jr., of Redwood City was charged with speeding and is to appear the 22nd.

Miss Margaret Swedberg has gone to Old Mexico on her vacation. She was accompanied by her father.

COUNCIL MET WEDNESDAY FOR SHORT SESSION

Just to be on the safe side in case anything had been heard from Washington about the federal grant for the proposed new city hall, the city council met in a short session Wednesday evening.

Councilman Burge asked the other members what should be done about a marker at Ocean and San Carlos directing traffic to the Old Mission. Such a marker, he said, had been requested by the state in accordance with a declaration from the late Governor Ralph that all the California missions should be designated as monuments with signs directing people to their doors. The marker, Mr. Burge said, would cost about \$2.75. All councilmen voted yes on the proposition, except Councilman Rowntree who stated he wanted to go on record as voting against. Councilman Catlin said he felt the town owed that to the Old Mission.

Councilman Burge reported that the stop signs had been placed at Seventh and Carmelo but out of five cars he watched only two heeded the caution.

Unless word from Washington is received before October 3, the council will not meet again until that date, but should the looked-for message arrive, a special meeting will be called.

CARMEL LEGION POST TO HAVE HOUSEWARMING

October 6th, 1934, at 7:00 p.m. Carmel Post 512, American Legion will stage, for the benefit of the "On to Miami Fund," of the Monterey Drum and Bugle corps, "A Night in the Doghouse." At an executive meeting of the Post it was decided to have the official opening of the newly equipped clubhouse coincide with the raising of the pledge of \$250, which has been given to insure the attendance of the state champions at the National convention at Miami, Fla. The affair will be strictly Stag and for Legionnaires and their guests only. Commander Reagan urges all eligibles on the Peninsula to secure tickets of admission from any of the following named committeemen at once: Jimmy Reagan, Major Landers, Captain Pat Hudgins, Gabe Burnett, Floyd Mangrum and Fred McIndoni.

Mrs. Browne of the Home Food Shop has returned home from a delightful vacation spent at the home of her son in Los Angeles. Mrs. Stone, her partner, enjoyed her vacation by remaining at her Carmel home. These two popular ladies reopened their Home Food Shop today and are ready to serve their customers again with all kinds of good eats.

Boy Scouts Have Big Program For Winter

A Big Activities Program
Planned for Winter

Just look at the activities program of the Monterey Bay area council has scheduled for you during the coming months. All this in addition to your regular troop program of indoor and outdoor activities. It's great to be a scout, Sea Scout or Cub.

Carmel Scout
Organization Expands

Herman S. Crossman, chairman of the local Scout Troop committee, announces that plans are well under way for the expansion of the local Scout organization. The Sea Scouts starting with a nucleus of six members expect to obtain a full quota of ten or twelve older boys very shortly. Skipper Peterson and Mate Cockburn announce that the boys are completing the construction of a twenty foot sailing boat which will be launched in October. Skipper Peterson, a retired naval commander, has worked devotedly in furthering the promotion of a Sea Scout ship and is securing a fine response from the older boys.

Of interest to many parents will be the announcement that a Cub Pack for the younger boys will have the support of the troop committee. Mr. Melvin Dorsett was elected chairman of the Cub Pack committee and has the preliminary organization under way. The objective of the Cub Pack branch of Scouting is to create neighborhood groups that try to live up to Cub ideals of being Square, Loyal, Fair,

Happy and Game. Parents are invited and urged to take a vital interest in this program which proposes to keep the younger boys happily and constructively engaged in natural boy activities. The basis of the program is a parent-boy relationship.

Scoutmasters Neikirk, Bauerschmidt and Perkins state that the Boy Scouts are busy planning a Father and Son banquet to be held at 6:30 p. m. on Saturday, September 22nd. The boys prepare the food and serve the fathers who come as their guests. Those planning to attend are to meet at the Boy Scout House at 6:30 p. m. on the above date.

On Friday, October 12, the Monterey Peninsula Boy Scout Court of Honor will be held in the Sunset School Auditorium. The committee on arrangements consist of troop committeemen Bardarson and Smith and Scoutmaster Neikirk. The program will be an interesting and dramatic portrayal of Scout activity and character building. Awards of Honor and badges for service will be distributed at this time by prominent peninsula citizens active in Boy Scout work.

Thirty-two boys are enrolled in Carmel Troop No. 89 and twenty-two boys are members of Troop No. 39. With the expected growth of the Sea Scout Ship membership and the organization of the neighborhood Cub Packs, Carmel will have the distinction of having a complete Scout set-up.

Present at the meeting Saturday, September 15, were troop

committeemen Herman S. Crossman, Hurd Comstock, Everett Smith, Otto W. Bardarson, Louis Levinson and Melvin Dorsett. Scout leaders, John Neikirk, Martin J. Peterson, and Henry Bauerschmidt. Guests, Bernard Rowntree, Patrick Higgins and Jimmy Regan.

Scout News
Troop 88 Carmel

(By Merle Dorsett)

The Second meeting of the Scouting year started with twenty-two scouts present. Scoutmaster John Neikirk announced a Father and Son feed for Saturday evening September 22nd. Also he announced a Scout Jamboree for all of the troops of the county to be held at Santa Cruz on the following Saturday. The "Board-Walk" will be offered to scouts at half price.

The Court of Honor, which is to be held at Sunset School on October 12th was discussed and all scouts were urged to have their work in shape to qualify for awards.

The best good turn for the week just passed was done by two scouts, who offered their services to the Sunset School traffic squad until they should have time to get organized.

The troop is sorry to lose Billy Jenkins, who has moved away and is transferring. Billy is the boy, who when ordered to stay out of the swimming pool at Scout Camp last summer because of a cold climbed a tree and out onto a limb over-hanging the pool, in order to see what was going on. He became so interested in the fellows below, that he lost his hold and into the pool he came. Of course he was somewhat wet.

After the announcements of the fine events just ahead, the troop had a knot-tying contest, directed by assistant Scout Master Bauerschmidt. A game of beekon was played. The circle was made for the closing ceremony. And Troop 88 adjourned.

Special Court of Honor
Notice

Next Court of Honor for the Monterey District troops will be held Friday, October 12, 1934 at Carmel Grammar School auditorium, 8:00 p.m. sharp.

Please send test cards and other Court of Honor material to Scout headquarters, Salinas, not later than Wednesday, October 10.

SHELDON GILMER,
Director Division Program.

Patrol Leaders
Training School

At last night's district scouters meeting, your district voted to conduct a patrol leader's training school, under the following rules.

(a) Course will be held under council and district supervision.
(b) Course will be open to patrol leaders, assistant patrol leaders, senior patrol leaders, junior assistant scoutmasters, and all other boy officers of the troop.

(c) The first session will be held Tuesday evening, September 25, 1934 at Pacific Grove Scout Hall, starting at 7:30 p.m., and ending 9:00 p. m. It is the plan to permit the boy students to decide on the day and place of all meetings after the first so as to spread more equitably the transportation of scouts attending the course.

(d) Four indoor and one overnight camp sessions will be held.

(e) Mr. Mack Flynn of Troop 62 Salinas will be the instructor in charge of the course.

(f) Each troop will pay a registration fee of \$1.00 in advance to scout headquarters, to cover expenses of the instructor and other expenses incidental to the course. The Monterey District guarantees expenses of the course over and above the income derived from the registration fees, if any.

Boy Scout Pageant

Something new! Something different! Saturday, September 29, a big scout pageant will be held at Santa Cruz. Every scout and sea scout should participate in this event. The program will be divided into four parts, Part 1; Secret part 2; troop demonstrations on the beach. Part 3, Swimming meet in plunge. Part 4, Fun period. Special reduced rates on beach concessions for Boy Scouts in uniform or with membership cards as follows: Giant Dipper, Merry-go-Round,

Fun House, Dodge 'Em, Left Land, Hot Dogs, Soda Water, Root Beer, Sno-Ko, or Coco Cola, 5 cents each; use of swimming pool with own suit 15cents each. Meet at county court house, Santa Cruz, not later than 1:30 p.m. Saturday, September 29. Remember your uniform is your pass so wear it if you have one. See your scoutmaster about this big event. Let's put it over in a big way.

Courts of Honor

District courts of Honor will be held during September and October. Some troops will hold their own courts. Will you receive an award at these courts? The council as a whole is behind in its advancement program, while it is growing in all other branches. Help do your part to make our council, your council the best in the country. Every scout should advance at least one rank by the end of 1934. Let's prove we can.

Winter Camp

The second annual winter snow camp will be held either late this year or early next, depending upon snow conditions. Keep in touch with your scoutmaster about this. Ask the scouts who went last year about the swell time they had.

Summer Camp

Begin now to prepare for summer camp in 1935. Save your money. Big improvements will be made at Camp Wing, especially the swimming pool. Be there.

Anniversary Week

Remember the fine time we had last Anniversary Week. Start right now planning for 1935's Anniversary Week in February.

National Jamboree

Will you be one of the lucky scouts to attend the National

Jamboree, to be held at Washington, D. C., next summer? About 30,000 scouts from all over the country and some from foreign countries will be there.

Sea Scouting

Sea scouting is our older boy program, exclusively for scouts 15 years of age and above. And how those sea scouts are growing. From 18 to 80 during the past year. Must be a worthwhile program to grow that fast. Ask your scoutmaster about this. Every sea scout looks forward to his ship cruises and the big council bridge of honor. Plenty of fun and action in the sea scouts!

Cubbing

Three new Cub Packs were organized this year, the first in this council and 46 enthusiastic cubs are having the time of their lives. Cubbing is the younger boy program of the Boy Scouts of America, for 9, 10 and 11 year old future scouts. Come on, Cubs, show those scouts and sea scouts what a record you can make!

A. YOUNG, Scout
Executive.

CIVIL SERVICE EXAMS

The United States Civil Service Commission has announced open competitive examinations as follows:

Senior extension agriculturist (county agent work), \$4,600; senior extension agriculturist, (boys' and girls' 4-H club work), \$4,600; extension agriculturist (extension research), \$3,800; associate extension agriculturist (extension research), \$3,200; senior extension economist, \$4,600 a year.

Associate chemist; dragtender; pest exterminator.

Full information may be obtained from F. J. Mylar at the postoffice.

CLEAN HEAT

NATURAL GAS

When Natural Gas heat comes in, dirt and dust and grime that is ever present with old fashioned fire-tending or smoky fuel goes out—forever. For Natural Gas is delivered clean, burns clean and leaves no residue to be gathered up and hauled away.

What a change too, this modern fuel brings throughout the house! Curtains, laundered clean and crisp, stay clean. Wall paper, ceilings, floors and rugs keep looking like new—years longer. There is no grimy dust settling into furniture and upon window ledges. Think of what all this means when both labor and worry of housework are lightened—made so much easier.

Save hours of needless work keeping fires up this winter. Change your basement or storeroom into a playroom or clothes-drying room this winter. Save money too in redecorating costs, renovating costs, rug cleaning bills, by changing to Natural Gas heating.

Why not make the change to modern, clean heat in your home this month—right now!

HOW TO GET REPAIR LOANS OF GOVERNMENT

Here in a nutshell, is the plan for borrowing modernization funds under the Federal Housing Program.

1. A modernization loan is solely for the purpose of repairing, altering or improving your home, shop, farmhouse, store or other building. Diversion of the money to any other purpose is strictly prohibited.

2. It cannot be for less than \$100, or for more than \$2,000. The borrower must have a bona fide source of income equal to at least five times the annual payments.

3. It can be made for terms up to three years, but may be paid in full earlier than the maturity date if the borrower desires.

4. Maximum charges, including interest and fees, cannot exceed an amount equivalent to 5% discount per year per \$100 original face amount of the note.

5. To get a modernization loan, the property owner must present to the bank or other lending institution a precise estimate of the cost of the improvements and should be able to prove that they are necessary or advisable.

6. In addition, the property owner must file a Property Owner's Credit Statement, showing his financial condition, sources and amount of income and other information necessary to determine his ability to repay the loan.

If the bank considers the improvements advisable, and the property owner able to meet the payments when due, it can advance the money on the personal note of the property owner. The note must be signed by both husband and wife. If the property owner is married. No mortgage or collateral security is necessary, unless State laws or the financial institution's officials demand it.

URGE FALL PLANS FOR NEW HOUSES

While the new building feature of the National Housing Act—that portion embracing the insurance of mortgages and establishment of national mortgage associations—probably will not become operative before the early part of next year, the Federal Housing Administration is actively engaged in laying the groundwork for this broad program. Administration officials are urging those contemplating new work to consult with architects and builders this fall.

A family building a house must have in cash at least 20 per cent of the total value of the house and land, or the equivalent in land, which is owned free and clear. Mortgage loans made on new and existing homes, to be approved for insurance, are limited to a maximum of \$16,000, representing not more than 80 per cent of the appraised value. They are to be amortized over a period of not more than 20 years.

IT'S COOL IN

Refreshing ocean breezes... and the many comforts of the new Olympic will make your trip to San Francisco a delightful experience. Radio reception! A home atmosphere in a downtown location! Bring the car, you'll like our new policy of FREE DRIVE IN GARAGE with no value in hotel rates.

ASSOCIATION MEETS TO LAY HEALTH PLANS

"What does tuberculosis cost Monterey County every year?" This was the topic taken up at the meeting of the Monterey County Tuberculosis association by Mr. W. F. Higby, executive secretary of the state association. Mr. Higby presented a great deal of statistical data which brought out these two points clearly. Monterey County loses \$260,000 every year through this disease. Six communities in the United States have laid out a health program costing about \$2.00 per person a year. One such program has been in action for 30 years. Their loss has been reduced 75 per cent. From a money standpoint this pays, he said, not considering all the misery. Mr. Higby also stated that actuaries have found that the extent of tuberculosis in the United States takes an average of two and one half years off the life of every individual.

The Monterey County association acted to forward a possible addition of a wing to the County Hospital at Salinas to take care of those in the last stage of this disease. This would isolate a source of infection and give them proper care for the last period. It is hoped to have Federal aid together with county funds.

The testing program of the Monterey County Tuberculosis association has completed its survey in the Pacific Grove and Gonzales schools, finding Pacific Grove remarkably free, and Gonzales slightly above the average. Monterey and Salinas are next on the list.

After Thanksgiving the Tuberculosis Seals will be out for sale and please remember the more you use of them the more the association can do in this county.

MACON TO MAKE FIVE FLIGHT TESTS

The Navy's giant dirigible "Macon" in five test flights off the California coast this fall, will demonstrate her ability to protect American shores.

Released yesterday, the new schedule of the U. S. fleet calls for a 48-hour search for a single "enemy" surface craft, supposedly approaching the coast within a 500-mile radius. This flight will be during the week of October 8.

On the second trip, November 5, the great airship's batteries of machine guns and her five-plane fighting squadron will be put into action.

An attempt to locate the "enemy force" of the homecoming fleet will be made November 18. The ship also will take part in the fleet's two war problems, December 5 to 8, and December 17 and 18, preceding and following the armada's ten-day visit to San Francisco.—S. F. Examiner.

CHRISTIAN SCIENCE CHURCH

"Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob." These words from Psalms comprise the Golden Text to be used Sunday in all Churches of Christ, Scientist, branches of The Mother Church, the First Church of Christ, Scientist, in Boston, Mass. The subject of the Lesson-Sermon will be "Matter." Included among the Scriptural selections will be:

"There is therefore now no condemnation to them which are in Christ Jesus who walk not after the flesh, but after the Spirit. For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death." (Rom. 8: 1, 2).

The following passages from the Christian Science textbook, "Science and Health with key to the Scriptures" by Mary Baker Eddy, will also be included: "So-called material existence affords no evidence of spiritual existence and immortality. Jesus reasoned on this subject practically, and controlled sickness, sin, and death on the basis of his spirituality. There is neither a present nor an eternal copartnership between error and truth, between flesh and Spirit." (p. 886).

RATTLES PLentiful WARS AUTO CLUB

Deer-hunters are warned of the presence of greater numbers of rattlesnakes in the forests this year, on account of the mild winter and continued dry weather, states the Eureka office of the National Automobile club.

VOTERS ATTENTION

The books are now open for registration. If you are not already registered, or if you wish to change your party registration you may do so until Sept. 27th.

Any citizen who has lived in the state one year, in the county ninety days and in the precinct forty days may register. Any one who will be twenty-one years old by the time of the election, November 6th is entitled to register.

November 6th is entitled to register.

Any one who did not vote at either the primary or general elections in 1930 or the primary last month must reregister.

Places of registration are: Staniford's Drug Store, Carmel.

Triangle Realty Co., Carmel. Signed: Monterey Peninsula League of Women Voters.

DON'T NEGLECT TO

REGISTER BY 27TH

With the state at its most critical point in history it is important that you do not fail to express your views at the polls at the coming election.

Be SURE you are registered. If you did not vote at the last general election and did not vote at the August primaries, be on the SAFE side and register now. The registration books close the 27th. All your pleas will avail nothing if you fail to get there in time.

If you have moved, if you have changed precincts, go and inquire. Be sure. There are no middle grounds this year. Vote for your own candidate.

THOMAS WORK JR. IS

WEDDED LAST SATURDAY

Thomas Work, Jr., of Pacific Grove, but well known in Carmel, was married at 3 o'clock Saturday afternoon to Mrs. Norma Perkes Hillis at the home of the bride's brother and sister-in-law, Mr. and Mrs. Charles Aston Perkes in Hillsborough.

The ceremony was performed by the Rev. George Edward Brown, pastor of the Burlingame Congregational church, and was witnessed by immediate relatives.

Mrs. Joseph Hitchcock, Sr., of Mission street, who has been ill for the past week is improving.

Rev. Austin B. Chinn is attending the annual convention of the Episcopal clergy in San Francisco this week.

Ralph Linsley, at his Carmel Highlands home, has been enjoying a visit from his father, F. J. Linsley of Los Angeles. Miss Nina Eggleston and Mrs. Agnes Outhier, also of Los Angeles, are guests of Mr. Linsley.

On account of the recent jail break in Salinas, it is said that Sheriff Carl Abbott will ask for new locks on the cell blocks in the county jail. Mr. Abbott claims that defective locks contributed to the jail break.

Paul Whitman, well known artist, is also becoming a well known fisherman, having hooked one bass on a fishing trip with Mr. Haller of El Fumidor on a trip up to Elkhorn Slough Sunday.

When he filed a voluntary petition in bankruptcy at San Francisco, Sept. 17, Johnny Patrick, who is Cecil of Cecil and Sally of radio fame, gave his address at the Jones cottage in Carmel. He said his liabilities totaled \$3402. He has been ill for some time.

Mildred Sahlstrom Wright is at her Carmel home again after a short visit in the southern part of the state.

After a three months' visit in the east, during which time she made a visit to the fair in Chicago, Mrs. Charles Robert Aldrich has returned to her home in Carmel.

PENINSULA RESPONDS

TO CALL FOR FUNDS

The peninsula as a whole is responding nobly to the call for funds to send the American Legion Drum corps to the convention in Miami next month. Following is a list of coming events wherein people may enjoy themselves while donating to the cause:

Friday, Sept. 21—Boxing program, Presidio recreation center.

Saturday and Sunday, Sept. 22, 23—Golf tournament, Pacific Grove.

Monday, Sept. 24—"Night in Reno," Monterey Elks Lodge.

Saturday, Sept. 29—Band concert and ball game, Pacific Grove.

Saturday, Oct. 6—"Night in the Doghouse," Carmel Legion post.

Sunday, Oct. 7—Donkey ball game, junior chamber of commerce, Monterey.

Sunday, October 14—Turkey shoot, peninsula Legion Post.

OPENING OF P.T.A.

IS HELD TUESDAY

Marking one of the most interesting and enjoyable occasions in the history of the Carmel P.T.A., the opening meeting was held Tuesday afternoon at Sunset school.

Hostesses for the afternoon were: Mrs. E. A. H. Watson, Mrs. Millard Klein, Miss Clara Kellogg, Mrs. Carl Rohr, Mrs. Howard Hatton, Mrs. C. J. Ryland, Mrs. Anna Kohner, Miss Phyllis Calley, Mrs. Muriel Neikirk, Mrs. Lily Trowbridge and Mrs. Froill. Mrs. Hurd Comstock poured tea.

Guests were seated at small tables about the room and Mr. Bardarson introduced informally each teacher to the parents.

All parents are invited to attend these meetings and become a part of the school life.

Work has begun on the Tusler and Bunn homes which are being built on land these gentlemen recently acquired near the beach between Seaside and Del Mar. Both residences will be very attractive, the Tusler home having a fireplace 16 feet wide entirely across one end of the living room and the Bunn home having interior decorations in ship style.

Mr. and Mrs. J. W. McGrury and little daughter, Ellen Pearl, returned home Tuesday after being absent nine days on their vacation. They spent the greater part of their time at the Grand Canyon, which they report especially beautiful at this time of the year. Mrs. McGrury stated the cabins in connection with El Tovar hotel can be had there for as low as \$1.50 per night. Due to the scarcity of water, however, no cabin has private baths, the utility building being centrally located. The McGrurys all came back refreshed and ready for the winter's activities.

STINGRAYS

By BOB

A local resident has applied for a patent on a non-slammng automobile door. There is a reason for his wanting silence.

A local printer whose wife is visiting friends reads the office copy of an out of town paper to her by long distance and charges the telephone toll to the office.

While Mr. Hoover was president of the U. S. A. in fact, he was not legally.

Those objecting to the shorts and bare-backs seen on the streets haven't got much to show.

When a fire happens in Pacific Grove they beat a dish-pan to call out the fire extinguishers—at least the vibrations of that sheet-iron bell atop the city hall fire-house architectural combination has the familiarization of a beaten kitchen utensil.

The expanse of celestial space is none too great to separate women and reason.

"Kitchen Murder" has buried many a man—good cooking is gradually becoming a lost art.

A sweet young thing who is anxiously looking forward to the promenade down the aisle is busy studying "The House Wives Treatise" on how to manipulate a can-opener.

A reformer is one who has passed the age of desire.

Argument is possible with man, but not with woman.

The word coffee on those fancy colored cans is a misnomer.

BLESSING OF FLEET

AT MONTEREY SUNDAY

The colorful ceremony of the blessing of the fleet will take place in Monterey Sunday when the attendants at the Feast of Santa Rosalia will proceed from San Carlos church at 1:30 p. m. for that purpose.

The celebration will open Saturday night with a dinner, followed by a dance, and Solemn High Mass will be celebrated at 9:15 Sunday morning by Father Silvio de Madera.

Committees are made up of members of the Monterey Italian colony.

CARMEL COMMUNITY

CHURCH

9:45 Church School

11:00 Service of Worship.

Theme "Religion that Gives Character," Miles Bain will sing. Many are enjoying these services of worship. They are just one hour in length and are designed to bring both inspiration and dependable religious thought.

5:00-6:30 Junior J-O-Y Club.

6:30-8:00 Intermediate J-O-Y Club.

7:00-8:00 High School Club at All Saints Parish House.

This group will meet on the beach at five o'clock Sunday for supper and games, before their regular meeting.

YOU ARE INVITED

You are invited to call at Merriam-for-Governor Non-Partisan headquarters, on Dolores street. Some one will be there to welcome you from 11 to 4.

NEWS NOTES ABOUT

SUNSET SCHOOL PUPILS

A nomination assembly will be held Friday afternoon when nomination of officers for the student body organization will be made. The officers will be president, vice president, secretary and business manager.

Attendance at Sunset school has taken a jump again and 370 pupils are now enrolled.

The Touch Tackle League started off this week with the Indians under their captain, Frankie Hayford, losing to the Gaels, captained by Miya Miyamoto.

Mr. Gale gave a fine talk at teachers' meeting Tuesday, speaking on his recent trip to Mexico City. Mr. Gale commented on the hospitality and friendliness of the Mexican people, and the extremely low standard of living on the whole. The speaker said the government at present is trying to raise the standard of living on a whole. The speaker told some interesting things of the ancient civilization of Mexico, explaining that the Aztecs were at one time a highly developed race. Mr. Gale's talk was the first of a series to be given by the teachers on matters of interest along educational lines.

D. L. Stanford and wife returned home Sunday from a vacation trip to Tijuana. They drove down in their new car, taking their daughter, Mrs. Harriet Miller back to her home at Hermosa Beach after a visit here.

Mr. and Mrs. Kenneth Gould are enjoying their vacation in Tassajara Springs.

B. F. Minges of the Carmel Grocery is taking a well earned vacation which he is spending at the home of his daughter, Mrs. Hull, in Hollister. Mrs. Minges and Miss Marion are in full charge of the business during his absence.
